# DATA LOGGERS

| DEVICE NAME                                   | DESCRIPTION  |
|---|--|
| <b>SENSITECH</b>                              |  |
| TagAlert <sup>®</sup> Direct                  | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4 Multi-Alarm (non-USB) | Temperature Data Monitor   |
| TempTale <sup>®</sup> Direct                  | Temperature Data Monitor   |
| TempTale <sup>®</sup> RF                      | Temperature Data Monitor   |
| TempTale <sup>®</sup> Ultra (16K)             | Highly reliable, wireless monitors collect and store temperatures for a wide array of in-transit and storage applications. |
| TempTale <sup>®</sup> Ultra 64K               | Temperature Data Monitor   |
| TempTale <sup>®</sup> Ultra Ambient Probe     | Temperature Data Monitor   |
| TempTale <sup>®</sup> Ultra BIO               | Temperature Data Monitor   |
| TempTale <sup>®</sup> Ultra Humidity          | Temperature Data Monitor   |
| TempTale <sup>®</sup> Ultra Probeless Dry Ice | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4                       | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4 Bio                   | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4 Dry Ice Probe         | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4 Humidity              | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4 Probe and Dual Sensor | Temperature Data Monitor   |
| TempTale <sup>®</sup> 4 Probeless Dry Ice     | Temperature Data Monitor   |
| TempTale <sup>®</sup> Ultra Fit               | Temperature Data Monitor   |
| <b>TZONE</b>                                  |  |
| Temp Data Logger (TZ TempU02)                 | Temperature Data Monitor   |

| DEVICE NAME   | DESCRIPTION              |
|---|--------------------------|
| TempTale® 4 USB                                     | Temperature Data Monitor |
| TempTale® 4 USB Dry Ice                             | Temperature Data Monitor |
| TempTale® 4 USB MultiAlarm                          | Temperature Data Monitor |
| ThermoAlert™  | Temperature Data Monitor |
| VaxAlert™   | Temperature Data Monitor |
| VaxAler™ USB  | Temperature Data Monitor |
| T11013050 TempTale Geo Ultra / VizComm View Ultra   | Temperature Data Monitor |
| T11013070 TempTale Geo Ultra Dry Ice                | Temperature Data Monitor |
| T11012990 TT Geo Ultra Ext / VizComm View Ultra Ext | Temperature Data Monitor |
| T11013060 TempTale GEO Ultra Dry Ice Extended       | Temperature Data Monitor |
| <b>ONSET</b>  |                          |
| InTemp (cargo flight only)                          | Temperature Data Monitor |
| Bluetooth data loggers CX400                        | Temperature Data Monitor |
| Bluetooth data loggers CX500                        | Temperature Data Monitor |
| Bluetooth data loggers CX600                        | Temperature Data Monitor |
| Bluetooth data loggers CX700                        | Temperature Data Monitor |
| <b>ELPRO</b>  |                          |
| ELPRO LIBRO   | Temperature Data Monitor |
| <b>DeltaTrak</b>                                    |                          |
| Flashlink Mini PDF (model 31010)                    | Temperature Data Monitor |

| DEVICE NAME  | DESCRIPTION                        |
|--|------------------------------------|
| <b>ROAMBEE</b>                                     |                                    |
| Sensor Beebeacon                                   | Temperature Data Monitor           |
| Sensor Bee   | Temperature Data Monitor           |
| <b>CONTROLANT</b>                                  |                                    |
| Controlant Saga data logger                        | Temperature Data Monitor           |
| <b>KIRSEN</b>                                      |                                    |
| KIRSEN GLOBEL SECURITY A-TYPE DEVICE               | Temperature Data Monitor           |
| <b>HALVEON</b>                                     |                                    |
| Halveon Single use data logger – model T-Stream SU | Temperature Data Monitor           |
| <b>ADAPT</b>                                       |                                    |
| KELVIN - S100                                      | Temperature Data Monitor           |
| KELVIN- M200                                       | Temperature Data Monitor           |
| KELVIN - M300                                      | Temperature Data Monitor           |
| <b>Tec4med</b>                                     |                                    |
| TempBeacon   | Temperature Data Monitor           |
| CryoBeacon   | Temperature Data Monitor           |
| <b>SECURE Live MR</b>                              |                                    |
| 810  | Temperature Logger                 |
| 811  | Temperature & Ambient Light Logger |
| 812  | Dry Ice Temperature Logger         |

| DEVICE NAME           | DESCRIPTION                        |
|-----------------------|------------------------------------|
| <b>METTCOVER</b>      |                                    |
| METTEMP MT-1+         | Multi Use Data Logger              |
| METTEMP MT-2+         | Single Use Data Logger             |
| METTEMP MT-3+         | Life Science Multi Use Data Logger |
| METTEMP MT-4HC        | Multi Use Data Logger              |
| METTEMP MT-+          | Single Use Data Logger             |
| <b>LogTag</b>         |                                    |
| LogTag - EV 16        | Single Use Data Logger             |
| LogTag – TRIX-8       | Single Use Data Logger             |
| <b>Tempsen</b>        |                                    |
| ITAG 3Pro             | Single Use Data Logger             |
| ITAG-4                | Single Use Data Logger             |
| <b>CargoWise</b>      |                                    |
| CARGOWISE DATA LOGGER | Single Use Data Logger             |
| <b>Frigga</b>         |                                    |
| Frigga V5             | Single and Multi Use Devices       |
| Frigga T7             | Multi Use Data Logger              |
| Frigga Smart Tag      | Single Use Data Logger             |

| DEVICE NAME        | DESCRIPTION  |
|--------------------|--|
| <b>Logmore</b>     |  |
| Logmore 1          | Single-use - Temperature, Light                                    |
| Logmore 2          | Single-use - Temperature, Light                                    |
| Logmore 10         | Multi-use - Temperature, Light                                     |
| Logmore 20         | Multi-use - Temperature, Humidity, Light                           |
| Logmore 30         | Multi-use - Temperature, Humidity, Shock, Light                    |
| Logmore 40         | Multi-use - Probe temperature, Light                               |
| Logmore 50         | Multi-use - Probe temperature, Temperature, Light                  |
| Logmore 60         | Multi-use - Probe temperature, Temperature, humidity, shock, Light |
| <b>Tempmate</b>    |  |
| TEMPMATE S1 PRO TH | Single Use Data Logger   |
| TEMPMATE S1 PRO T  | Single Use Data Logger   |
| Tempmate-S1        | Single Use Data Logger   |
| Tempmate-S2        | Single Use Data Logger   |
| <b>Elitech</b>     |  |
| RC-5 USB           | Temperature Data Logger  |
| RC-51K             | Single Use Data Logger   |
| <b>Easy Log</b>    |  |
| EL-USB-1-LCD       | Temperature Data Logger with LCD screen                            |
